# Why SCM FAIR 2025?

## Business opportunities with actual demand companies.

### Chomdan Inc.

Promotion to approximately 100,000 databases in the manufacturing, automotive, and smart factory sectors.

### Korea Industrial Business Association (KIBA)

Promotion to around 250,000 companies located in national industrial complexes.

### Korea Chainstores Association (KOCA)

Promotion to key decision-makers and solution-demanding companies in the medium to large-scale distribution and chain store sectors.

### Korea Importers Association (KOIMA)

Promotion to approximately 8,000 member companies supplying key raw materials, components, materials, and finished products to the domestic market.

## Promotion targeting demand companies through co-located exhibitions.

	KICEF 2025	PNT Fair 2025	K-Battery Show
	The largest domestic exhibition for industrial complexes, boosting domestic business and exports.	Korea's first exhibition for specialized network technologies, driving adoption and business growth.	The top domestic exhibition for the secondary battery industry, attended by key industry stakeholders.

## Optimized on-and-offline lead generation services

### Business Matching Program

- Offers business matching opportunities using data from co-hosts, sponsors, media, and attendees.
- Conducts demand surveys and one-on-one business matching with target customers.
- The most effective lead generation program directly managed by the exhibition secretariat.

### Online Promotion Content Support

- Create online promotional content (card news, SNS, websites) and post on exhibition promotion channels.
- Assist with writing and publishing press releases, including exposure on industry media and major portals.
