BUTTON

LEAK-PROOF LID

- 1 Place the **asobu® Coldbrew** on a flat surface
with stainless carafe on the bottom.
- 2 Open the lid of the clear Tritan brewing ca-
rafe and fill the micro mesh filter with medi-
um-coarse coffee grounds. Pour cold filtered
water slowly over coffee grounds so as to fill the
brewing carafe completely. Close the lid tightly
- 3 Keep the coffee brewer in the same position and
steep for 12-18 hours at room temperature
- 4 Push the button on the grip band and coffee will
flow into the stainless steel carafe. Serve im-
mediately or take the carafe with you anywhere.
Serve to your taste, cold or hot!
